This rack accommodates up to 24 cards (24 pins) plus graphic feature and benefit end cards. Product cards distinctively illustrate separate room scenes featuring an area rug in one photo and a second photo portraying matching broadloom and runner coordinates. This side by side visual aid provides inspiration to the consumer to better convey the coordinating aspect of matching fabrics in various rooms. The hardware is of all steel powder-coated construction to withstand years of safe use and attractive continual service. Assembly is simple and can be performed in a matter of minutes.
